THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Campton in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Campton on Tuesday, the seventh day of March, next at ten of the clock in the morning to act on the following subjects:

Art. 1. To choose all necessary Town Officers for the ensuing year.

Art. 2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

Art. 3. To see how much money the Town will vote to raise and appropriate for maintenance of its highways and bridges.

Art. 4. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

Art. 5. To see if the Town will vote to raise and appropriate the sum of \$100.00 for Memorial Day.

Art. 6. To see if the Town will vote to raise and appropriate the sum of \$50.00 for the White Mountain Region Association.

Art. 7. To see if the Town will vote to raise and appropriate the sum of \$125.00 for the control of White Pine Blister Rust.

Art. 8. To see if the Town will vote to raise and appropriate the sum of \$1,600.00 for the maintenance of Blair and other cemeteries in Town.

Art. 9. To see if the Town will vote to raise and appropriate the sum of \$1,640.00 to reimburse the Campton Village Precinct for hydrant rental.

Art. 10. To see if the Town will vote to raise and appropriate the sum of \$674.00 for the Pemi-Baker Home Health Agency, Inc.

Art. 11. To see if the Town will vote to convey to Chester H. Brown, Jr. and Barbara Brown of Thornton, New Hampshire, as joint tenants, any interest that the Town of Campton may have in property situated in said Thornton acquired from the Walter I. Lee Estate, said property being referred to in Tax Collector's Deed of Oscar M. Jones, Collector of Taxes for Town of Thornton to Walter I. Lee dated March 11, 1919, recorded in the Grafton County Registry of Deeds in Book 549, Page 317, and being all of the William Bache Estate sold for taxes in the years 1914, 1915 and 1916. Reference is made to said deed for a more complete description. (By Petition)

Art. 12. To see if the Town will vote to raise and appropriate the sum of \$200.00 to help with other Towns in promoting "Ski 93."

Art. 13. To take the sense of the qualified voters whether the amendments of the Constitution proposed by the 1971 session of the General Court shall be approved.

Art. 14. To see if the Town will vote to take over the Locke Waterville Road, as now built, from near the residence of James Marston to the Campton-Thornton town line. (By petition)

Art. 15. If the Town votes to take over the above road to establish the date of town maintenance as of June 1, 1972.

Art. 16. To see if the Town will vote to join with the Town of Thornton in taking over ownership of the Campton, Thornton Volunteer Fire Department next year and in so doing vote to have the Selectmen appoint a 3-man board of fire commissioners to oversee the transfer of control and ownership from the present owners to the two Towns. (By Petition)

Art. 17. To see if the Town will vote to raise the sum of \$5,100 for the Town's share of the support of the Campton-Thornton Volunteer Fire Department. This sum is necessary just to keep the department in operation for the coming year. (By Petition)

PEMI-BAKER HOME-HEALTH AGENCY

The Agency is requesting additional financial help from all eleven participating towns this year in order to help defray the costs of patient visits. One of the reasons for this is the increasing number of claims refused for reimbursement by Medi-Care. Many cases are refused because they do not require skilled nursing care. The Agency must still care for these patients and absorb the costs.

The cost to each town is figured on a per Capita basis and last year was 46c per person to the Town of Campton. This year's request represents a 25% increase, badly needed by the Agency.

In 1971, from January through November, there was a total of 284 visits to patients in the Town of Campton. Nineteen of these were by the physical therapist and 265 were visits requiring the registered nurse.

Campton's Member

REPORT OF THE PLANNING BOARD

The Planning Board has held thirteen meetings this year. In January, we operated on the original schedule of two meetings a month. However, the demand for hearings did not appear to warrant such frequent consultations, and the Board resolved to decrease the meetings to one each month. These meetings are held on the second Tuesday of each month. After each preliminary hearing regarding a subdivision of land, a notice is placed in the Plymouth Record and posted at three locations in the Town of Campton. Notices of public hearings will be found at the Campton Post Office, Avery's Store, and at the Town Hall ten days before the hearing. It is felt, by the Board, that such a time period is of sufficient length, and that those individuals who might be concerned with a particular subdivision will have ample notice of the hearing.

Until very recently, there appeared to be little concern with any of the subdividing by third parties. At times, the Board, while recognizing the legal need for such notices, did wonder about their value. A case involving a land transfer just occurred which did interest an abutter who had water rights on the property involved. Fortunately, he made his interest in the matter known and the proper measures were taken to insure his continued claim into those water rights. As subdivision continues in the Town of Campton, more people who are third parties to the actual transactions will undoubtedly be affected in some manner. The Board sincerely hopes that such citizens will come forward at the public hearings to help prevent unpleasant consequences at a later date.

As a result of the number of subdivisions that occur over the course of a year, it has become quite evident that Campton is undergoing a period of rapid growth. There can be no question about the need to formulate some logical guidelines to channel that growth in an orderly manner, both for the benefit of Campton's older residents and its new ones. The controls administered by the Board are, in reality, rather limited ones. They cannot possibly cope with all of the problems which are certain to result from an uncoordinated, haphazard development of the Town. It would definitely be in

the Town's best interest to create, and put into operation, a Zoning Committee at the earliest possible moment.

In closing this report, the Board wishes to extend a deep expression of gratitude to William Stohn, whose term of office expired this year, for his unselfish devotion of time and his capable administration as the Board Chairman during the first difficult years of its existence.

Respectfully submitted,

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

LEST WE FORGET — IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong, dry, hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

- 1. Never, either when walking, riding or driving, discard a firebrand—a lighted match or a glowing cigarette.
- 2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
- 3. If you camp or picnic be sure open fires are allowed and if they are, put them **dead out** when leaving.
- 4. **Most Important**—instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year—1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered to ask others to heed Smokey’s message.

Number of fires reported and acres burned—1971 season:

REPORT OF THE SCHOOL NURSE

One day of each school week is spent at Campton.

Heights, weights, routine vision and hearing tests, health conferences and assisting parents with medical doctor follow-up appointments is a part of routine health work.

First Aid supplies were furnished at a minimum cost through the efforts of the staff of Sceva Speare Memorial Hospital.

Health community resources, the aid of welfare workers, specialized clinics, our local hospital and the aid of doctors has been a coordinated effort for all students.

Forthcoming for Campton Elementary Schools is a health teaching program, a change in health requirements for 1st grade entrants, a routine physical for everyone working with students, a screening dental program at the New Hampshire Technical Institute in Concord, and a dental consultant, Dr. Allen Naves.

It is a pleasure to assist the Campton Elementary Schools in working for better health for all students.

REPORT OF THE PRINCIPAL

Having completed the first half of the school year 1971-72, we are happy to report many successes in the process of learning in which our students are engaged.

We are very pleased with the faculty which has been secured to educate the children of Campton. Adding a teacher to the staff this year was one of the best steps forward in this process. Also, the teachers hired to replace those who left the Campton school have proven to be the right choice for our needs in instruction. Cooperation has been on a very high level from each of the teachers—those returning as well as the newly hired.

The use of the cafeteria-gymnasium in full as it was originally intended has aided our progress.

We are proud of our Hot Lunch Program under the able direction of Mrs. Sarah Strong and her assistant, Mrs. Jane Pierce.

Greater use of the gym for physical education during school hours and for basketball and girls' volleyball has added much to our school activities. Mr. Weston Noyes has done an excellent job in sports for boys, while Mrs. Mary Wanzelak and Miss Karen Kozak have provided volleyball for the girls, as well as assisting in the ski program.

The future holds much promise of greater success for our children if we do not lack vision. We recommend that consideration be given to adding to the staff a music and an art teacher, and an aide to assist the principal for more efficient administration.

Mrs. Carolyn Kent has assisted greatly this year by working with test results as well as carrying out her duties with pupils in a type of special education.

We recommend consideration be given to a kindergarten in the near future, especially while planning to construct an addition to the present structure which will return the first and second grades to the Central School, as well as provide a library and a room that could be used for other services that ought to be provided for the children, such as music, home economics and shop (seventh and eighth grades in particular.)

We would like to express deep appreciation to all who are investing their lives and dollars in our children to prepare them for life and good citizenship as they must carry on the work of our communities.

Respectfully submitted,

G. RICHARD MOUNTFORT, JR.
Principal

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

The acquisition of new teachers combined with those who returned from last year has been an extremely potent force in improving the quality of instruction.

The new SRA testing program was administered to the youngsters in grades 2-8 last Fall. The results of these tests demonstrate the need for a greater emphasis on academic learning. It will take several years before the staff will be able to close some of the deficiencies. Many areas of weakness can be greatly improved by a concerted effort on the part of the teachers.

Prior to the opening of school last September some of your teachers attended workshops designed to help them in the classroom. Almost all of the teachers are currently attending a ESS Science Institute every Monday evening for three hours. As I pointed out in my report to you last year, the purpose of this training is to use the ESS program and to strengthen their background in science. The advent of the next school year brings to the Campton Elementary School children one of the finest science programs in the nation. This cooperative venture with Plymouth State College would not have been possible except for the efforts of Dr. Mark Sylvestre, Director, Dr. Mary Bilheimer, and Dr. Robert Jones.

We are attempting to gain voter support in six of the seven school districts to employ the services of a special education teacher. The vast majority of teachers, principals, and school boards in Supervisory Union #48 agree that the greatest immediate need in our schools is a special education teacher. The following is a list of functions this teacher would perform:

1. Diagnostician

- (a) Individual Psychological Testing (I. Q.)
- (b) Achievement Tests
- (c) Learning problems
- (d) Recommendation to teachers

2. Resource Person

- (a) Coordinator of services available within the state
- (b) Assist teachers with problems; i. e., set up programs in behavior modification, etc.
- (c) Obtain and disseminate materials for teachers to use

3. Tutoring

- (a) When possible work with accurate problems
- (b) Coordinating use of college students

4. Develop and conduct workshops for teachers on an in-service basis

The lack of financial support from the recent New Hampshire Legislature has caused the local tax payer to absorb an unreasonable tax burden. We received less State aid to education than all other 49 states. Approximately 3% from the State and Federal governments. Your school department works diligently to keep expenses down but with the necessity for adding services to your school, it behooves the taxpayer to insist on more help from the Legislature.

The present temporary housing arrangement seems to be working as a stopgap measure but the necessity for an addition to the larger newer school can't be overemphasized. The State Department of Education has given only temporary approval to reopening the small school.

Finally, you are to be complimented on your support of your schools. Your continued support will certainly give your youngsters a better chance to succeed in this world.

Respectfully submitted,

N. KENNETH SMITH
Assistant Superintendent

EXPLANATION OF SUPERINTENDENTS' SALARY

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent and Assistant Superintendent of Schools as per the following quotation: "Reports. Each superintendent salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$14,500, which was received by the superintendent of schools of Supervisory Union No. 48 during 1970-1971 was made up as follows: \$2,500 paid by the State of New Hampshire and \$12,000 was prorated among the several School Districts. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The salary of \$12,000 for the assistant superintendent during 1970-1971 was made up as follows: \$2,700 paid by the State of New Hampshire and \$9,300 was prorated among the several School Districts. Allowance for \$1,000 travel within the Union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.
